

Dive Log: Cod Hole

Departs Tuesdays

4 days / 3 nights (3 days diving) 10 dives

Day One:

Pick up from Cairns Accommodation at 5.00pm and transfer to Taka II which departs from Cairns Harbour and travels over the smooth waters inside the Great Barrier Reef up to the Cod Hole.

Day Two:

Taka II arrives at the Cod Hole at approx 9 am. Our second dive at the Cod Hole is the Cod Feed, where huge schools of fish and Maori Wrasses compete with the large family of Potato Cod for a fish dinner. This would have to be one of the world's premier dive experiences. After the second dive we move down the Ribbon Reefs to one of our many select dive locations for an afternoon dive and later a night dive.

Day Three:

This day is spent diving the Ribbon Reefs at various locations

that we have chosen for their diversity of marine life and architecture. You will see giant clams up to 2 metres across, huge coral gardens, swim throughs and an abundance of marine life unmatched anywhere on this planet. 3 day dives and a night dive.
